SERIOUS PROBLEM

SHOULD MORMONISM BE DRIVEN FROM UNDER AMERICAN FLAG.

PRACTICE POLYGAMY

SMI GOES ON—White Slave Traffic Does Not Compare With It, Says F. G. Cannon in Lecture.

What are you going to do about it, anyway? Are you going to let Mormonism continue its tremendous growth and dethrone our most sacred institution, the American home, or will you rise and fight it, and drive it from under the protection of the American flag. If you do not do something to Mormonism, Mormonism will do something to you. When Mormonism had its beginnings in this country eighty years ago, its adherents numbered one to every million of our population. They now number one to every sixty persons of these United States. What are you going to do about it?

DIED IN ENSWORTH HOSPITAL.

Mrs. O. D. VanFossen of Guilford Passed Away After Three Weeks Illness—Funeral Sunday.

Mrs. O. D. Van Fossen, wife of a layman of Guilford, died at 6 o'clock Friday evening in Esworth hospital, at St. Joseph, where she had been taking treatment for three weeks for a complication of diseases.

The funeral services will be held Sunday afternoon at Flag Springs, her former home, where, as Eliza Lester, she was married to her husband. She was 36 years old. Her husband and 10-year-old son survive.

Mrs. Masters Has Broken Arm. Mrs. Sidney Masters was thrown from her buggy about 5 o'clock Friday evening, as she was leaving George Masters' residence, west of Maryville, where she had been visiting, and was going to her home, six miles southwest of town. One of her arms was broken by the accident. The horse she was driving made a sudden turn that upset the buggy.

CHANGE IN TIME OF TRAIN.
The Burlington Afternoon Train to Leave Creston Fifteen Minutes Later.

According to a dispatch in a Creston paper a change in time on the Maryville branch of the Burlington out of Creston will take place on Sunday, January 4. It is passenger train No. 3 southbound, and it will leave Creston fifteen minutes later than usual. No notice of the change in time has been received by Agent W. E. Goforth of the Burlington in this city. According to the change the train would arrive in Maryville about 4:44 instead of 4:29 as it does now.

The change in the time is made to accommodate the Creston people, who have been demanding more time between trains at that place. While it is not in exact accordance with the request of the people, it will be big improvement welcomed by all people of the branch towns who are accustomed to go to Creston to shop and for other business transactions, and the officials of the road state that it was the very best that could be done at this time, owing to this train making connection at St. Joseph with the Kansas City train.

NODAWAY FEEDER WELL PLEASED WITH SALE OF HIS CATTLE.

Charles Beabout, a well known shipper of Nodaway county, was on the St. Joseph market Friday with a load of steers of his own feeding that brought a very satisfactory price.

There were twenty head in the shipment that averaged 1,311 pounds, and sold at \$8.25. This is the highest price

paid for cattle of similar weight on the Joseph market this week.

Livestock shipments were consigned to South St. Joseph for Friday's trade by the following Nodaway county stock men: Charles Beabout and Borden & Mendenhall each sent in a car of cattle; J. W. Wiley and J. R. Plummer each a car load of hogs, while John and C. Petty forwarded a two-car shipment of cattle.

HAWKINS IN CHARGE

Of the car and it was certainly a lively place all during the night.

Hawkins, I say Hawkins, what berth do I get in? Hawkins, is there anyone in upper 11? I want to put my suit case there. Oh, Mr. Hawkins, I've lost my Pullman ticket. What will I do when the conductor comes around? Say, Winfred, have you magazine? I want something to read."

Almost harried to death by these and countless other questions, Winfred Hawkins, in charge of the Northwest Missouri special, spent a strenuous night Friday getting his flock of University of Missouri students home for the holidays. They arrived in Maryville in their own special Pullman at 7 o'clock this morning.

This is the second year that the Maryville people have chartered a car for this purpose. Mr. Hawkins has "personally conducted" both trips, and finds his people about as cranky as a theatrical troupe. After the Maryville people secure berths the car is filled with students living all along the line as far as Omaha. What with half of them not quieting down until long after midnight and the other half beginning to get off the train from 4 o'clock on, the car is a lively place all night long.

Those who returned to Maryville this morning were W. W. Hawkins, Charles Kane, Miss Lois Halley, Miss Elta Wood, Edwin Goodspeed, Miss Maud Bent, Fred Hutchinson, Paul Hogan, Harold Heaton, Herschel Colbert and Miss Alice Barr.

ANNOUNCE BIRTH OF DAUGHTER.

Mr. and Mrs. John A. A. Announce the birth of a daughter born to them Thursday night. The little girl has been named Lela Margaret.

BOUGHT OUT HIS PARTNER.

The hardware store at Barnard which has been Campbell-Pollard is now Campbell Bros., D. A. Pollard selling out his interest in that firm this week.

ANNUAL MEETING NEXT SUNDAY.

The annual meeting of the Christian church will be held next Sunday, December 28. There will be the annual basket dinner at noon and the business session and the reports of the various departments in the afternoon.

COMING HOME FOR HOLIDAYS.

Miss Lulu Todd and Miss Blanche Nixon, teachers in the schools of Hammond, Ind., and Miss Maud McMillan of the schools of Milwaukee, Wis., will arrive home Sunday morning to spend the Christmas holidays with their parents, Mrs. Anna Todd, Mr. and Mrs. J. W. Nixon and Mr. and Mrs. Edward McMillan.

EDWARD AND LAWRENCE RICHARDS.

Edward and Lawrence Richards and Miss Lucile Richards, who are attending school here, went to their home in Ravenwood Friday to visit until after Christmas.

Fryar & Horton of Ravenwood are suing the C. G. W. R. R. company for \$100 damages. The petition claims that the plaintiffs shipped 21 head of cattle and 33 head of hogs from Ravenwood to St. Joseph, and that by negligent delay the stock was badly crippled and bruised and in a stale condition, and the damages amounted to \$100. Cook, Cummings & Dawson are the attorneys for the plaintiffs.

Barney Brady brought suit Saturday against the Wabash. The petition claims that the defendant's locomotive struck and killed one bull belonging to the plaintiff at a point where the railroad passed through Jefferson township, and where the fence was not kept in good condition by the railroad company. The value of the bull was \$75, and suit for \$150 damages is asked. Cook, Cummings & Dawson are the attorneys.

Another suit filed Saturday was that of Ida May Skahill, Marion Skahill, minors, by John S. Skahill, their guardian, and John S. Skahill vs. Joseph R. Allen, John M. Allen, Wm. A. Allen, Sarah M. Mossman and Curtis Mossman, Delia Allen, Lorena S. Shafer and Catherine M. Shafer, minors; Bernard S. Shafer and the Farmers Trust company. It is an equity partition case and the attorneys for the plaintiffs are Ira K. Alderman and Shinabarger, Blagg & Ellison. The petition states that for mutual benefit that eighty acres of land belonging to the heirs of Mr. and Mrs. Michael Allen was turned over to Joseph R. Allen as trustee and now the suit is brought to have the trust terminated and the land partitioned.

CHANGE IN TIME OF TRAIN.

The Burlington Afternoon Train to Leave Creston Fifteen Minutes Later.

According to a dispatch in a Creston paper a change in time on the Maryville branch of the Burlington out of Creston will take place on Sunday, January 4. It is passenger train No. 3 southbound, and it will leave Creston fifteen minutes later than usual. No notice of the change in time has been received by Agent W. E. Goforth of the Burlington in this city. According to the change the train would arrive in Maryville about 4:44 instead of 4:29 as it does now.

The change in the time is made to accommodate the Creston people, who have been demanding more time between trains at that place. While it is not in exact accordance with the request of the people, it will be a big improvement welcomed by all people of the branch towns who are accustomed to go to Creston to shop and for other business transactions, and the officials of the road state that it was the very best that could be done at this time, owing to this train making connection at St. Joseph with the Kansas City train.

With words something like those in the above paragraph, Frank G. Cannon of Denver, Col., a former United States senator of Utah, opened his lecture at the First M. E. church Friday night.

Mr. Cannon speaks with personal knowledge of the growth of Mormonism, and by his magazine writings and speeches on lecture courses is stirring the whole country upon this exceedingly appalling question, that will sooner or later be presented to the people for settlement, for there is nothing at the present time that is more complicated in its hold on the government.

This Mohammedan kingdom, which he styles the Mormon church, has 300,000 priests in this country under the leadership of Joseph Smith at Salt Lake, who claims to be a descendant of Jesus Christ by one of his polygamist wives, a blasphemy contained in the Mormon declaration of faith from which Mr. Cannon read a few things to his audience Friday night. We would not endure to hear more, he said, neither could some of the things be read before an audience such as was before him.

Mr. Cannon is not a calamity howler, as some may think who did not hear him. His manner is quiet and intensely earnest, his utterances clear, pure and comprehensive. No one could fail being impressed with the truths of what he presented. He has been in the affairs of the country as newspaper man, speaker and then as United States senator from Utah, always making it his business to fight Mormonism.

His father stood high in the Mormon church and was second only to Brigham Young in power. Frank Cannon was baptized into the Mormon church when he was 8 years old, and when 13 years old was chosen an elder in the church, an honor (?) that could not have come to him at that age had it not been for his father's position. He was soon sent abroad for study, and while in his course of education his eyes were opened to the teachings of God in His word and to the perfidy of Mormonism, and he returned armed for the fight he has since waged against it. He speaks with absolute knowledge and authority of all he tells of the Mormons' past and their present status in the United States. The white slave traffic does not quite compare with it, he believes, and in the enforcement of the Mann act now engaging officials from one end of the country to the other, he would arouse the people to a sense of their power in regard to a religion that is weakening the very foundations of our government. They—the Mormons—have never been true to their agreement and oath to the United States to stop their practice of polygamy if again given the right of citizenship that had to be taken away from them. The Mormon church lives through the perjury of its officials and priests.

The incidents he gave touching on the lives of the beautiful women who are led into the Mormon church by the blandishments of its adherents were indeed appalling, showing they are kept there through the strongest earthly power, mother love.

Mr. Cannon led the fight against the seating of Reed Smoot, a Mormon elder of Utah, in the United States senate a number of years ago, and left the senate when Smoot was finally seated, for he knew beyond the shadow of a doubt that Smoot was a Mormon from the heart out. He was little more than a youth in those days, and the fires of determination kindled at that time have continued to burn and are deeper and stronger than ever before, and those who heard the speaker Friday night would not doubt he is the one chosen of God to awaken the people of this country to the use of their rights and crush out this mighty evil from our land that threatens our national existence.

Mr. Cannon is by far the most convincing and polished speaker a Maryville audience has heard.

Homer Croy, writing in Collier's Weekly, says the following under the above caption:

Even Ottumwa, Ia., has a gentleman burglar. It's a pretty backward town now that can't boast of a gentleman burglar. The old-fashioned burglar's day is about over. Or rather his night.

A burglar would be forever disgraced if he should go out some night to play his trade, and the following morning find himself referred to as a common, ordinary key-wind burglar.

It will probably come as a shock to the second-story profession, but to our own candid way of thinking no burglar is a gentleman. As far as we are personally concerned we have no hankering for burglars. We could get along from one year's end to the other without numbering a single burglar among our acquaintances.

Japanese Toweling
For Christmas Gifts

NUMEROUS attractive Christmas things may be made from Japanese toweling, a novel material, which costs about 15 cents to \$1.25 for a piece of ten yards. This narrow, coarse, white cotton crimped goods is printed at intervals, with the two-toned designs, showing single sprays of wistaria-Fujiyama by moonlight, a few scattered maple leaves, dying birds, shaggy chrysanthemums and similar designs.

A bolt or two may be easily converted into presents. A farseeing matron bought the toweling and made it up into tea sets, the crossespeices forming the cloth proper and the dozen small napkins. She fastened the two strips together with a coarse blue floss, then marked the napkins with long, angular Japanese letters, one above the other with a dash beneath. The marking in blue was done in a corner where the white background predominated. One of her sets, she is sure, will be enjoyed next summer by a hostess who has a veranda furnished in blue and white. Another is to be sent to a young bride in a simple little dining room blue and white china is used.

This toweling has also been used for a nursery set. A spread of the white cotton crimp is bordered with the toweling, and dresser cover and curtains are made to match. This Japanese material is to appear in a set for an invalid's breakfast tray. The oval cloth, shaped to fit the tray, is buttonholed, and it has the napkins to match. A set of fruit napkins made of the blue and white crimp will be another Christmas remembrance. The toweling laundrys perfectly, and fruit stains do not show. A child would enjoy having a half dozen of the marked napkins for her "very own" to use in her school lunch box.

Laundry bags and bags for the table napery to hang in the butler's pantry made with the convenient hoop top are both pretty and practical.

Another gift that will not come amiss is a pair of hemstitched sash curtains for the small bathroom window.

A program consisting of overture by the orchestra, vocal solo by Vern Moore, reading by Professor Miller, violin duet by Mr. Bock and Miss Edith Wilson, an address by Mr. Smith and one by H. C. Bower will be given.

The morning service will be greatly helped by the beautiful cantata, "The Hope of the World," by Schenck. This is a joyful, worshipful, melodious work, and will bring in the Christmas spirit to hear it. Beside this Mr. Adolph Bock will play a violin solo.

We are very fortunate to have him, as whenever he plays he is noted for the purity of his tones and the richness of feeling in the use of his art.

The subject of the sermon, "The Greatest Gift."

Evening service begins at 7:15, with a special musical prelude of the full orchestra, organ and Mr. Bock.

At 7:30 the choir will give the cantata "The Prince of Peace," by E. L. Ashford. This is a very musical composition, patterned after the great oratorios and introducing all the variety and beauty of the more difficult works. Solos, quartets, trios, double quartets.

The more relatives a man has the more he likes strangers.

Every middle-aged woman knows that they don't make as good mirrors nowadays as they did when she was a girl.

I may be mistaken about the junk they are wearing around their necks these days, but it looks to me as if a girl can take the Battenberg scarf off the bedroom dresser and hang it over her coat collar and be right in style. Then she can pin two crocheted doilies on the cuffs of her coat and turn up her nose at the world.

Nothing ever goes to waste in this world. They are using the old-fash-

SENATE PASSES CURRENCY BILL

Owen Measure Goes Through by Vote of 54 to 34.

DEMOCRATS LINE UP SOLID.

Six Republicans Vote With Them. Substitute Framed by Hitchcock and Minority Lost—Vice President Marshall Breaks Tie Vote.

Washington, Dec. 20.—The administration currency reform bill, proposing a revision of the financial system of the United States and the creation of regional reserve banks to act as strengthening elements in the banking and financial world, passed the Senate by a vote of 54 to 34.

Forces that had fought together for improvement and amendment of the measure to the last divided when the final vote came. Senator Hitchcock, who had led the opposition to the bill, returned to the Democratic ranks, and Senator Weeks, one of the leaders on the Republican side, with five other Republicans, and Senator Poinsett (Prog.) voted for the passage of the measure.

The six Republican senators who voted for the Owen bill were Crawford, Jones, Perkins, Norris, Sterling and Weeks.

Wide differences exist between the form of the legislation passed by the Senate and the bill that passed the House several months ago. Democratic leaders have partly adjusted these differences, however, and it was predicted that the bill would be completed by a conference committee, and sent to President Wilson for his signature by Monday night.

The adoption of the administration bill, known as the "Owen bill," followed upon the formal defeat, by 44 to 41, of the "Hitchcock bill," which had been endorsed by Senator Hitchcock and the five Republican members of the evenly divided Senate committee that passed on the legislation. The Senate had previously rejected without a roll call a "central bank" bill, offered as a substitute by Senator Burton.

Marshall Breaks Tie.

The Democrats were forced to call on Vice President Marshall to cast a deciding vote to break a tie and reject the proposal to strike out of the bill the provision allowing the appointment of officials by the Federal Reserve Board without reference to the civil service law.

Senators Hitchcock and Lane voted with the Republicans for an amendment presented by Senator Brandegee making the appointments subject to the civil service law, and when the roll call ended the vote was announced 43 to 43.

"The vice president votes no," announced the vice president, and the Democrats applauded.

To hasten final enactment of the bill that is expected to reorganize and give balance to commercial and financial conditions, the Senate named its conference committee which will work with a House committee to compose the difference between the two bills. The members are Senators Owen, O'Gorman, Reed, Pomerene, Shafroth and Hollis (Dems.) and Nelson, Brewster and Crawford (Reps.). Members of the House conference committee already determined upon are Representatives Glass and Nelson (Dems.) and Representative Hayes (Rep., Cal.).

Points of Difference.

Among the chief points of difference between House and Senate are the following:

The House provided for twelve regional banks; the Senate for "from eight to twelve," discretion being left to the Federal Reserve Board.

The Senate added a provision creating a fund to guarantee the deposits of failed banks that are members of the reserve associations.

The House limited the rediscount of commercial paper at the regional banks to that maturing in ninety days; the Senate provided that 180 days' agricultural paper could be accepted under certain limitations.

The gold reserve required of the regional reserve banks against circulating notes was placed at 33 1/3 per cent by the House and at 40 per cent by the Senate.

Banks would be permitted to loan on five-year farm mortgages by the Senate bill; on one-year mortgages by the House bill.

Hits False Financial Rumors.

Washington, Dec. 20.—Representative Church of California introduced a bill which would declare it to be an offense against the government for any person "to make or circulate false statements, either verbally or in writing, in regard to the financial conditions of business interests for the purpose of bringing on a stringency in the money market of this country, generally known as a money panic."

Lumbermen Protest Against Steel Cart.

Portland, Ore., Dec. 20.—Lumber manufacturers of Oregon and Washington voiced vigorous protest against the announced intention of the Union Pacific railroad to construct all of its boxcars of steel henceforth.

White Has Shade Better.

Milwaukee, Dec. 20.—Charles White of Chicago, by brilliant boxing, had shade the better of Ad Wolgast of Cadillac, Mich., in their ten-round decision boxing contest here.

PHONE TRUST TO BE DISSOLVED

American Telephone and Tele-
graph Company Avoids Suit.

TO DISPOSE OF W. U. HOLDINGS

Plan of Reorganization Includes Free
Access to Toll Lines and Physical
Connections With All Other Lines.
Washington Officials Pleased.

Washington, Dec. 20.—Attorney General McReynolds made public details of an agreement for the reorganization of the American Telephone and Telegraph company, "the telephone trust," which will prevent litigation to dissolve that corporation under that antitrust act and under which competitive conditions will be restored in the telephone service of the entire country and the combine will dispose of its holdings in the Western Union Telegraph company. The plan originated with the company, although it followed many reports that a suit against it might be filed.

It was regarded by department of justice officials as the most striking indication offered in a decade that "big business" has come to the conclusion that it is better to follow the Sherman law than fight it. The plan met not only the approval of the attorney general and his chief "trust buster," G. C. Todd, and officials of the subsidiaries of the combine, but was heartily approved by President Wilson. In a letter to Mr. McReynolds the president expressed his admiration for the attitude of the telephone company and his conviction that such conduct on the part of business men meant a building up of business on sound and permanent lines.

Has Added Significance.

Coming on the heels of the announcement that Postmaster General Burleson was seriously interested in government ownership of telephone lines, the action of the department of justice had added significance and some officials went so far as to express the opinion that it indicated legislation to acquire the country's telephone business would not be pressed by the administration at the present session.

In brief the agreement provides that: The American Telephone and Telegraph company will dispose promptly of its holdings in the Western Union Telegraph company, so that each concern shall be under distinct management and so that all shall be entirely independent.

The company will not hereafter acquire control of other telephone companies, and where control of telephone companies has been acquired, but no actual physical union has been effected, the American Telephone and Telegraph company will submit to the next meeting a plan for the uniform operation of associations. Advisory committees of employers and wage earners will be appointed to secure impartial treatment of casual labor. Study of the subject is recommended to the national commission on industrial relations, soon to meet.

The company will promptly make arrangements by which all other telephone companies in the United States shall have access to its toll lines.

Department officials declared that the plan gave the government everything and more than it could have hoped to obtain in court. Officials were more than pleased with the last part of the agreement, by which the Bell company gives long distance service to subscribers of other companies, and did not deny that they never had hoped to reach such a point by suit under the antitrust act.

Suicide of Clock Due to Despondency.

St. Louis, Dec. 20.—The body of the man who killed himself here was identified as that of Joseph Albert Clark, mayor of Sheldon, Mo. Identification was made by his brother, W. S. Watchmakers Lose Suit to Prevent Cut by Retailers.

New York, Dec. 20.—The United States circuit court of appeals decided that the Waltham Watch company could not force Charles A. Keene, a New York jeweler, to stop selling their watches at cut prices. The court affirmed the decision of the federal district court without opinion.

Keene bought the company's watches abroad at a price lower than that charged by jobbers here and sold them for less than the price set by the manufacturer for the domestic retail trade. The decision is in line with recent decisions of the United States Supreme court, that the manufacturer of a patented or copyrighted article cannot fix the retail price.

Accused of Swindling Widows.

Los Angeles, Dec. 20.—F. E. Young, a churchman and business man of Long Beach, is in the county hospital following his plea of guilty to charges that he victimized several elderly women in a "love fraud" scheme. Young would pay ardent attention to elderly widows, and then, under the name of a detective agency, threaten them with exposure unless they paid various sums as hush money.

Court Refuses McGee Delay in Suit.

Cheyenne, Wyo., Dec. 20.—Judge Riner of the federal district court has denied a motion to delay proceedings in the case of the Natrola Refining company against Jerome P. McGee of Omaha until after a decision has been rendered in the Nebraska state court in McGee's suit for \$150,000 damages.

ZAPATA NARROWLY ESCAPES CAPTURE

Rebel Leader Was Surrounded
by Federals Near Mexico City.

Mexico City, Dec. 20.—The federal troops just missed capturing Emiliano Zapata, the rebel leader, at Nenarera ranch, fifteen miles south of Mexico City. Zapata established his temporary headquarters at Nenarera ranch during his recent attacks on the government forces.

The federal troops approached the ranch from several directions and after an hour's skirmishing, the rebels were routed. Some of the rebel prisoners told their captors that Zapata himself was in command and was one of the last to escape. He broke through the circle of federal troops with a few companions, who used their machetes to cut their way out.

The report sent by the federal commander said the rebels were not pursued owing to darkness and the rough nature of the country.

The activity of Zapata is due to instructions received from General Carranza. The latter recently sent several emissaries to confer with Zapata and other rebel leaders in the south. They are reported to have supplied Zapata with funds for the renewal of his campaign against the federalists.

Efforts are being made to enlist volunteers in Brazil for service in Mexico in the event of an American invasion, according to El Pato. The newspaper prints a special dispatch from Rio Janeiro, setting forth that Luis Gomez, "an enthusiastic Latinist," has issued a circular calculated to awaken a sentiment of solidarity among the Latin people of the western hemisphere to resist the "decided imperialism of the North American colossus."

LABOR BUREAU ADVOCATED

Plan to Move Idle to Points Where
Needed Considered.

Chicago, Dec. 20.—Distribution of unemployed men from where they are not needed to where work is waiting for them will be the object of the American Association of Public Employment Officers formed here.

Labor commissioners of several states met to consider the unemployment problem. The problem is an interstate one, calling for a national organization, was the decision of speakers. The establishment of public employment offices in all states where they do not now exist, cooperation between the states and regular exchange of information by means of monthly bulletins published monthly or otherwise and sent to each office are objects of the association provided for in resolutions adopted. The federal government will be asked to establish interstate agencies. The executive committee will submit to the next meeting a plan for the uniform operation of associations. Advisory committees of employers and wage earners will be appointed to secure impartial treatment of casual labor. Study of the subject is recommended to the national commission on industrial relations, soon to meet.
